"BATTLE OF GETTYSBURG" AT BUTLER THEATER

This interesting historical picture comes in five parts and is one of the biggest productions in years, costing \$75,000 to produce. A three days' battle engagement in which thousands of lives were lost in sensational infantry and cavalry charges and hand-to-hand encounters while the opposing artillery mowed the field of struggling men. In June, 1863, Stonewall Jackson had been killed and General Grant was besieging Vicksburg. To relieve the south, and if possible capture Washington, Lee made a lightning attack upon the north and was met at Gettysburg, Pa. by the federal forces and there this terrible slaughter took place. This interesting feature will be shown Friday afternoon and evening. The admission for this will be: Adults, 25 cents; children, 10 cents. First evening show at 7, second at 8:30. Only two evening shows and usual two matinees. Special music to suit this grand production.—Adv.

BROKER WEIR APPEARS AS DEFENDANT

LARGE LIST OF VENIREMEN IS CALLED TO THE DISTRICT COURT.

The case of the state vs. Fred Weir, the former broker, was called this morning in the district court, which was filled to overflowing with talesmen who responded to the venire. Out of the 124 names drawn 97 responded, and no time was lost on reaching the first case on the calendar, which had been reset a number of times. The first juror called was Fred Stein, secretary of the Moose, who was excused by the prosecution.

Oliver Perry was next summoned, and he was under examination at recess and finally was accepted.

AMUSEMENTS

BUTLER THEATER.

At the Butler this evening Mr. McNamara will be heard again in new songs, both illustrated and popular. The pictures are as follows: "Stone the Woman," an Essanay drama; "The Invader," a Lubin drama; "Bump and Whirl," a Seft comedy, and a Vitaphone western drama, "When the West Was Young." The dangers that lurked in the path of every frontiersman during the early settlement of the west are strikingly illustrated. Be-friended by a kindly settler, an Indian warns him of danger from a hostile tribe in the neighborhood. Secure in his sense of safety, the warning is disregarded and the frontiersman pays for his foolishness with his life. Before his death the old Indian promises to take charge of the man's little daughter and to conduct her to a nearby fort. His trust is faithfully filled at the sacrifice of his own life, for his fellow Indians take vengeance upon him for what they consider an act of treachery. Tomorrow, five pictures, including Pathé Weekly, Friday, "The Battle of Gettysburg," in five reels.—Adv.

OCTOBER EARNINGS OF THE JIM BUTLER MINING CO.

The October earnings of the Jim Butler mine were reported this morning from eastern headquarters, at \$6109, compared with \$3396 for September. The difference is partially accounted for by the delays incidental to enlarging the hoisting capacity of the Wandering Boy shaft and changes in the head frame.

DISTRICT COURT HAS NAMED THE APPRAISERS

A resolution adopted by the county commissioners this morning favoring the purchase of the old high school for a county hospital was sent to Judge Mark Averill of the district court, who has appointed a board of appraisers to report back to the court, as follows: W. H. Blackburn, R. H. Hossey and Julius T. Garner.

TREATMENT OF COPPER MINERS UNDER INQUIRY

SECRETARY WILSON GOING TO DRAFT A REPORT ON THE STRIKE.

(By Associated Press.)

SEATTLE, Nov. 12.—Secretary of Labor Wilson, in addressing the American Federation of Labor today, condemned the attitude of the Michigan copper companies and warned them that a new conception of titles to property was in process of formation. He said he would make public the wages of miners, hours worked, labor conditions, as well as the enormous profits of mine-owners.

The secretary said the department will be utilized to co-operate with the great trades union movement in an effort to elevate the standard of human society.

QUARTERLY REPORT OF NEVADA CON. SHOWS A VERY GRATIFYING CONDITION

Report by the Nevada Consolidated Copper company for the quarter ending September 30 has been issued to stockholders, giving the results of operations for the period.

During the quarter the company milled 312,513 tons, or considerably more than in the previous quarter, when the amount handled was 262,800 tons. Of the tonnage for the last quarter 93 percent was mined from the steam shovel pits and 7 per cent came from the underground workings of the Veteran mine. In the previous quarter the Veteran produced 9 percent of the ore.

Because of the necessity of mining at this time of year, ores from the lower levels of the pits, where operations are more difficult in the winter, the grade of the ore is lower, and for the quarter averaged 1.53 per cent copper. In the quarter ending June 30 the ore milled averaged 1.76 per cent and for the first quarter of the year 1.54 per cent.

The amount of the copper produced in the last quarter was 15,835,563 pounds, as against 17,928,746 for the previous quarter and 14,522,545 pounds in the first quarter.

Cost of production per pound of copper, including depreciation of the Steptoe plant charged off and all charges except ore extinguishment, was 10.09 cents, as compared with 8.95 cents for the previous quarter and 8.33 for the year 1912.

Overburden to the amount of 976,664 cubic yards was stripped from the ore deposits during the quarter at an expense of \$116,898, of which \$151,612 was charged to operating costs and the balance deferred.

Copper on hand and in transit September 30 amounted to 21,958,859 pounds, which was inventoried at 13.615 cents a pound. The earnings for the quarter were compiled on the basis of 15.081 cents a pound, or slightly higher than the price realized

for copper during the quarter. Earnings and dividend account for the quarter shows as follows:

Earnings	\$926,711
Dividends	749,796
Surplus	126,915
Depreciation Steptoe plant	136,396
Ore extinguishment	125,082
Total deductions	261,478
Deficit	85,157

The figures for the third quarter of 1913, as compared with the corresponding quarter of 1912, show a decrease of \$889,496 in earnings, an increase of \$11 in dividends paid, an increase of \$3694 in the amount charged off as depreciation of the Steptoe plant and an increase of \$181 ore extinguishment.

The balance sheet as of September 30 shows:

Assets.	
Property, less ore extinguishment to date	\$4,001,858
Development, equipment	755,827
Deferred charges	1,139,150

If it's of exceptional value at the price, it's sure to be advertised in the Bonanza, else the merchant would be hopelessly unprogressive.

Coffee

If a thousand coffee drinkers were in convention and the chairman should say: those who want the best coffee please stand up, how many do you think would remain seated?

Which would you rather have: the assurance that you could have a cup of the best coffee every morning for the rest of your life, or \$100?

You can have the best coffee in the world every morning by asking for Schilling's Best.

RANCH HAND SHOT BY HUNTER.

The Yerington Times says that Dr. Pardini, who is employed on the ranch of Pete Dominici, a few miles south of Yerington, came near losing his life last Sunday at the hands of some careless hunter. Pardini was walking across the ditch on the ranch when from the other side of the ditch, where there is a thick undergrowth of willows and sweet clover, came the discharge of a shotgun and the shot peppered Pardini from his knees to his shoulders. He hollowed that he was shot, but no one answered; instead, the shooter seemed to hurry off through the brush. Pardini came to Yerington immediately and called Dr. Leavitt, who extracted about a dozen No. 8 shot from his flesh, some of them having penetrated the flesh to a depth of one inch.

It is supposed that the shooting was simply a piece of carelessness on the part of some hunter.
